

STATE POSITION ON TT 6

1. Approve Report
2. CODIB transmittal cover points below.

TT 6 : R & D
REF

1. Principal conclusion is on page 3 para F. PUT IN CODIB LETTER:

conceptual and managerial aspects of R & D and program establishment and organization MORE CRUCIAL AND MORE IN NEED OF IMMEDIATE ATTENTION than purely technical aspects.

2. page 3, para F: Estimates are given of five conclusions - but none on all the other conclusions.

Let's get an overall estimate (ball-park) if all recommendations were implemented.

PUT IN CODIB LETTER.

RECOMMENDATIONS:

- #3: report listing info services: good.

but - needs to be kept dynamic and maintained current.

CSS let and monitor contract and propose continuing mechanism. Perhaps combined with TT9 LY. PUT IN CODIB LETTER.

Joint funding of CSS OR DCI do as service of common concern.

- #2: warning and indications:

have CSS resurrect Taglock ~~report~~ and present plan of action to CODIB - PUT IN CODIB LETTER.

- #5 - Feed-back

CSS should house ~~in-house~~ in-house and external panel as initial mechanism and be provided with the \$75,000 mentioned.

PUT IN CODIB LETTER.

OVERALL: CODIB should approve report as is
CODIB in its transmittal letter should cover the above points and request approval of resource allocations for 5 immediate recommendations
